PROFESSIONAL SUMMARY

Web Developer and Team Lead with 2+ years building responsive, pixel-perfect interfaces for Japanese clients. Skilled in frontend development, Figma-to-code implementation, manual QA testing, and WordPress/CMS management. Proven at leading teams, enforcing quality standards, and delivering on time. Open to roles in Frontend Development, Web Content Management, UI/UX, or QA/Testing.

WORK EXPERIENCE

Section Chief | Rightcore Inc. – Makati City

Oct 2025 – Present

- Lead and manage a cross-functional team oversee tasks assignments, sprint progress, and on-time delivery
- Chair weekly alignment meetings progress reports, blockers, process improvements) and maintain revision logs to drive continuous quality improvement
- Drive recruitment and onboarding process: evaluate candidates, conduct technical output reviews, and ramp up new hires
- Define and enforce team policies and Japanese client standards to ensure compliance, workflow consistency, and deliver quality
- Conduct end-to-end QA checks on websites: feature functionality, Figma-to-code accuracy, cross-browser compatibility, responsiveness, and checklist compliance
- Monitor team attendance, leaves, and timekeeping to maintain operational efficiency

Web Developer | Rightcore Inc. – Makati City

Nov 2023 – Oct 2025 | 2024 MVP for Coders

- Translate Figma designs into clean, responsive HTML/CSS/JS and PHP WordPress templates with pixel-perfect UI accuracy
- Built and customized WordPress themes from scratch: Custom Post Types, Advanced Custom Fields (ACF/SCF), MW WP Form, and plugin integrations
- Performed systematic QA testing across browsers (Chrome, Firefox, Safari, Edge) and devices to validate layout integrity, responsiveness, and feature functionality
- Manage website maintenance: content updates, feature additions, client modification requests, and bug fixes
- Ensured all deliverables met Japanese client rules and design standards before project handover

Data Engineer Intern (Frontend Lead) | Rizal Commercial Banking Corporation (RCBC) – BGC, Taguig City

Jun 2023 - Aug 2023 | Data Science & Analytics Group

- Led frontend team for an internal data dictionary web app; built responsive interfaces using HTML, CSS, Bootstrap, and Django/Python backend integration
- Owned user management (CRUD modals) and metadata registration pages; presented outcomes to stakeholders and optimize workflows with Docker and Git

Backend Web Developer Intern | Melham Construction Corporation (MCC)

Jul 2022 - Aug 2022 | IT Department

- Developed and optimized LMS features with responsive Bootstrap layouts, AJAX interactivity, and MySQL database management via phpMyAdmin
